Ike's Doctrine Is Called Aid To Israeli Safety

JERUSALEM (JTA)—Premier David Ben Gurion has declared that President Eisenhower's Middle East Doctrine will be an aid to Israel's safety.

The premier made the statement in winning a vote of 59 to 5 for backing of the doctrine from the Israel parliament. There were 39 abstentions with the five opposing votes coming from Communist deputies.

PREMIER BEN GURION opened a six-hour debate by bluntly stating that Israel, more than any other state in the Middle East, faces the danger of aggression and must accept any assistance against an aggressor if she wishes to live.

The United States undertaking, as expressed in the

Eisenhower Doctrine, to aid any victims of attack must be considered a step which strengthens both peace in the Middle East and the security of Israel, the Premier insisted.

He pointed out that in its statement adhering to the principles of the Doctrine, the Israel Government made clear opposition to aggression regardless of its source or its object.

'Work for Others'

Plea Made To Young Leaders

A plea for young men and women to step forward and assume community leadership was voiced by Elmer Present, veteran communal leader who was honored at the first annual awards night dinner sponsored by the Tucson Jewish Community Council.

The colorful affair, attended by almost 200, was held May 23 at the Center and honored along with Mr. Present, David N. Ginsburg, Morris C. Rosenbaum, Morris Shanhouse, Harry Gilberg, Henry H. Kaufmann, and Benjamin N. Brook.

Urging that others step forward and aid the many community projects, Mr. Present declared: "Personally I love this praise and recognition, but I am sure that all of us agree that the real reward comes with the inner satisfaction one is bound to experience with the knowledge that you have accomplished something worthwhile, not for yourself, but for others."

"It is important that our young men and young women be taught in the home from their early youth that one has work to do for others; that one who merely seeks his own pleasures

proves himself unworthy of a place in this world.

"In order to have the sense of joy of belonging to a community, one must have the experience of working for the community."

Mr. Present, active in community affairs in Tucson for more than two decades, declared: "We owe much to our Jewish brethren throughout the world, to our own Tucson Jewish community and we must never forget our obligations as citizens of the greatest country in this world and our obligations as citizens of as fine a city

as there is in this country.

"I have tried to balance my obligations and endeavors between the Jewish community needs and the civic needs of the entire city."

"And I urge you all to take part in both."

Mr. Present recently accepted the chairmanship of the city-wide United Community Campaign drive for 1957-58.

The audience at the affair heard a message from national UJA headquarters congratulating the Tucson community for its successful campaign.

Urgent Call Issued For Cash To CJA

Rackoff, Weinstein To Attend UJA Meet

Leo Rackoff and Yale Weinstein have been named to represent Tucson at the UJA national cash collection conference in New York June 8-9, it has been announced by David Kramer, president of the Jewish Community Council.

It is hoped that Tucson will be able to present \$50,000 in cash from CJA pledges at that time.

MR. KRAMER and David N. Ginsburg, general chairman of the Combined Jewish Appeal, have issued urgent pleas to CJA donors to rush in cash on pledges so that Tucson can help National UJA meet the current emergency.

The following is a telegram received from William Rosenwald, of the UJA: "Must stress overwhelming urgency of full success . . . in connection with UJA rescue and cash conference. The need for cash to cope with vast and continual mounting refugee problem is now terribly critical. In view of this year's successful campaign it would be unforgivable to permit lack of cash to consider breakdown of refugee movement and consequent wide-spread human suffering."

"Urge you to make super-human effort to remit at once maximum amount of cash."

THE UJA pointed out that for the month of April 8,600 immigrants reached Israel and that in May the number will be increased to 12,000. And an even heavier number of refugees are expected this month.

Tucson's CJA drive reached a record \$214,000 sum, but the goal of \$221,000 is still short. Campaign leaders stressed that those who have not yet contributed may still do so.

But they urged the importance of making cash payments on pledges immediately.

Cash contributions may be made by mailing to the Tucson Jewish Community Council, 102 N. Plumber or by calling the council office, MA. 4-8603.
